

Save more with DCP

What is DCP?

The Deferred Compensation Program is a supplemental savings program you control.

The Washington State Department of Retirement Systems (DRS) administers this 457 plan.

With DCP, you can

- Save more for retirement
- Choose your contribution
- Start or stop saving anytime
- Change investment options
- Manage your account online

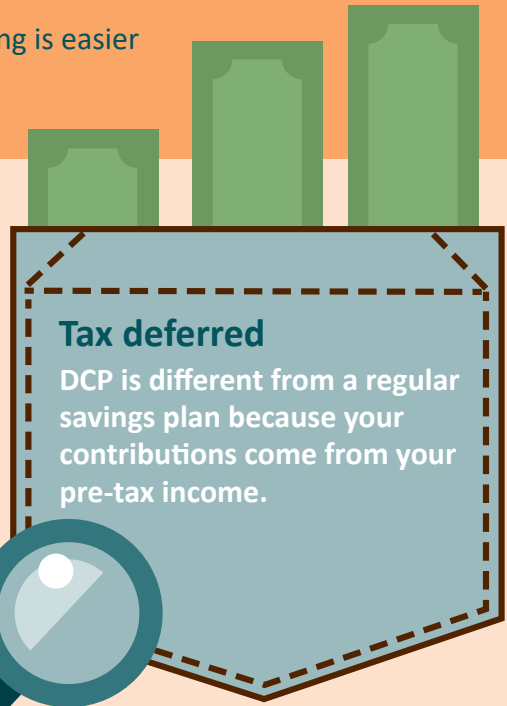

FAQ:
What do I need to know about investing?

Quick answer? Not a thing.

DCP gives you options. You can choose a fund that is managed for you by a professional team. You can also change your investment fund at any time.

We've all heard it: you should pay yourself first. And most of us agree saving is necessary.

With DCP, saving is easier than ever.

Tax deferred

DCP is different from a regular savings plan because your contributions come from your pre-tax income.

So if you increase your savings by

\$100

Your paycheck is only reduced

\$85

Empty pockets?

We understand. That's why DCP savings starts as low as \$30 per month.

It's never too early (or too late) to save with DCP!

And you can save a lot – up to \$18,500 a year if you're under 50. Even more if you're 50+
