

STATE OF WASHINGTON

Department of Retirement Systems
Tumwater, Washington

REQUEST FOR QUALIFICATIONS AND QUOTATIONS
RFQQ No. 13-004-102: SQL Connectivity to Adabas Software

Amendment 1
May 28, 2013

3.3 QUOTATIONS SECTION

3.3.1 IDENTIFICATION OF COSTS (SCORED)

Vendors are asked to submit a cost proposal for an on-site implementation. Provide an itemized list of components and the price for each component per MSU, processor, core, or connection. The software will be run in local, development, quality assurance, and production environments. Cost proposals must include maintenance options to include, but not limited to 24x7 support.

Cost proposals must be valid for 90 days to allow time for acceptance by the Department, evaluation, bid award, and contract.

Bidders are required to collect and pay Washington State taxes as applicable.

The evaluation process is designed to award this procurement not necessarily to the Bidder of least cost, but rather to the Bidder whose proposal best meets the requirements of this RFQQ. Bidders are encouraged, however, to submit proposals which are consistent with state government efforts to conserve state resources.
