

Solicitation Number: DRS WR 16-04
Legislative and Strategic Project Mainframe Programming

Vendors' Questions & Answers

May 5, 2016

1. Is this a new position or are there any incumbents?

The Department of Retirement Systems (DRS) has contractors currently working on various projects, but those contracts will expire on June 30. With this procurement, DRS intends to create a pool of resources to meet needs as they arise.

2. Are you looking for an individual or a team?

We are looking for qualified individuals.

3. What is the duration of the project?

We anticipate several projects that will vary in length. Some are expected to be short sprints while others may be more involved and last several months.
