<tbody>
<tr>
<td>1</td>
<td>1.0</td>
<td>Parent Process</td>
<td>Enroll Employer. This process provides a publicly accessible function to facilitate the enrollment of employers into a DRS retirement system, including DCP, and assist potential employers in obtaining appropriate OASI status. There is a possibility that a Roth 457 plan will be added in the future. LEOFF Employer: 41.25.010 PERS Employer: 41.25.010 SERS Employer: 41.35.010 TRS Employer: 41.32.010 WSPRS Employer: 43.43.010 PSERS Employer: 41.37.010 DCP Employer: 41.50.770 and 41.50.780 OASI: RCW 41.48.030 and Section 218 of the Social Security Act</td>
</tr>
</tbody>
</table>
| 2         | 1.0 | Inputs | • External requester makes inquiry about enrollment  
• Requester has selected to Start Application (in the Review Employer Enrollment Information process)  
• DRS team member initiates enrollment process |
| 3         | 1.0 | Outputs | For requester who opts for one or more plans:  
• Requester has 218 coverage  
• DCP enrollment record created  
• Pension plan enrollment record created  
• “Not eligible” message to requester |
| 4         | 1.0 | F1 | Functionality | The system will include an application for employers to provide employer enrollment information to DRS. |
|           | 1.0 | R1 | Requirement | The application will include an authorization/login feature. Move to Global Requirements |
|           | 1.0 | R2 | Requirement | The application will allow users to come back in and view data they have already input. (Should be able to save, update, retrieve, check status.) Move to Global Requirements |
|           | 1.0 | R3 | Requirement | The application will be easily accessible to external users. Move to Global Requirements |
|           | 1.0 | R4 | Requirement | The application will be ADA compliant. Move to Global Requirements |
|           | 1.0 | R5 | Requirement | The application will be accessible 24 x 7, except for scheduled or emergency periods of maintenance. Move to Global Requirements |
